

Expert Witness Training Course

Course Dates

11th–12th March
2010

Location :

The De Vere Hotel,
Sunningdale Park,
Larch Avenue, Ascot.

Although expert witness training is not mandatory, increasingly expert witnesses are being requested to demonstrate that they have undertaken recognised training.

Delegates will explore their role as an expert and what a court requires from their report; as reports must be clear, succinct, professional and well presented. They will learn to identify issues that need to be addressed, how to include professional guidelines (court compliant reports) how to separate fact from opinion.

On the second day of our training, experts will be taught how to present their evidence to assist the court, without stepping outside their area of expertise. This will ensure that delegates are equipped with the knowledge and skills to present their evidence comfortably and effectively.

Each course can accommodate up to 16 delegates for the Report Writing course and 8 for the Courtroom Skills study day (in order for everyone to have the chance to be cross-examined). Costs include any course design and a comprehensive manual for each delegate for future reference.

This course is applicable to SALT's acting in the role of Expert Witness for SENDIST as well as Court cases and is available on a strictly first come first served basis.

The price also includes lunch and refreshments.

PRICE FOR MEMBERS =£135.00 per day

PRICE FOR NON MEMBERS = £185.00 per day
