

JOHANSEN SOUND THERAPY TRAINING COURSE MAY 2008

Orocco Pier Hotel, South Queensferry, by Edinburgh

MONDAY 12th to THURSDAY 15th MAY 2008 9.30am-4.30pm

COST: £425

(including coffee, tea, and lunch in the hotel restaurant each day)

Johansen Sound Therapy:

Frequency and Hemisphere Specific, Musical Stimulation Programme.

Johansen Sound Therapy is the only **auditory integration training** which routinely uses CDs which have been **customised to the individual's own hearing curve** in order to organise and enhance auditory processing skills. It is **inexpensive and easy to implement**.

Children and adults with dyslexia, dyspraxia, ADHD, autistic spectrum disorders and other speech and/or language difficulties, often have poor **underlying auditory processing abilities**. The effectiveness of teaching and therapy input can be greatly increased if these fundamental underlying difficulties with auditory perception and processing are improved.

**The course will be run by Camilla Leslie MRCSLT, ASLTIP
and Diana Crewdson MRCSLT, AMBDA.**

Camilla and Diana are Specialist Speech and Language Therapists with Extensive Experience of Sound Therapies and Working in Educational Settings. Camilla, who has worked closely with Dr. Kjeld Johansen since she trained with him in 1994, is the UK National Director & Chief Supervisor for Johansen Sound Therapy.

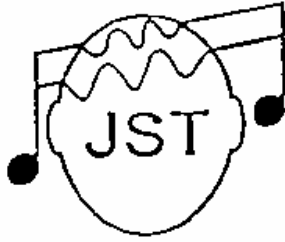

This course will cover:

- **Background Theory.**
- **Laterality and Auditory Laterality**
- **Pure tone audiometry as a diagnostic tool.**
- **Other diagnostic assessments**
- **The Johansen Sound Therapy CDs**
- **Planning and implementing an individual listening programme**

Orocco Pier Hotel offers an excellent standard of service and accommodation, as well as a stunning view of the Forth Bridges and the Firth of Forth. Edinburgh city centre is 20 minutes away and the airport just 15 minutes by taxi. Budget airfares are available from London and all UK regional airports. A good range of alternative accommodation is also available in South Queensferry.

For further information please contact Camilla Leslie on 0131 337 5427 (tel and fax) or
